SAFE HORSE TRAINING
1400 CHEROKEE ROAD
WINTERVILLE, GA 30683

We are so excited to welcome you to the first American Warmblood Inspection for 2017!

Below you will find some helpful information to let you know what to expect at the AWR inspection and to make your experience a good one

Safe Horse Training will be contracting with a photographer, videographer, braider, and handler for your convenience. You are not obligated to use any of these services.

From personal experience, hiring the handler is worth every penny. She is a professional and knows how to present your horse, showing him/her in the manner the inspectors are looking for.

If you have any questions, please do not hesitate to contact me.

Ride Safe!
Joyce Lewis
