Breeding methods:

Artificial insemination

Live cover

Breeding goals:

Jumper

Stud fee:

\$800

Collection fee: \$350

Mare \$15.00 per day

Plus HST

Available for your consideration!

Aries is a bay and white 16h registered and approved American warmblood stallion. He is the grandson of the spectacular moving Dutch Warmblood stallion Krack C.

If you are looking to improve on movement and suppleness, Aries would be an amazing choice. Aries is a very competitive and easy going stallion. He is very supple with excellent movements and a 10+ jump. The stallion passes these traits on to his foals. His sire, Socrates, won 1st Premium at the Keuring as a foal and then again as a yearling, finishing 8th overall in North America. Aries is a very versatile horse, showing both talent for jumping and dressage. His dam's sire is N.V. Chinook, an Elite Arabian who stood 16.1 hands. N.V. Chinook's grandsire was Chief Stallion in Poland. Aries also received movement, stamina, and grace from his Elite Arabian blood lines. Aries passes on his correct conformation, gaits, love of people and wonderful temperament to his foals along with his athleticism. Aries is a 50% color producer. We offer LFG.

Aries has shown in the 1.10m jumpers finishing first overall and the 1m jumper medal finishing second overall on the GB Trillium circuit qualifying for Trillium championships.

The stallion has successfully shown in the low hunters qualifying for Trillium championships in 2019 coming home with ribbons.

Aries qualified for Trillium championships in 2021 where he finished 6th out of 96 in the \$10,000 Hunter Derby at the Ottawa Horse Park.

Aries has also shown in the 1.20m jumpers on the "A" circuit.

All his foals are very athletic and willing. They love to work and are easy to get along with.
