About:

Painted Acres Ranch in Fort Worth, Texas is PROUD to offer First Premium Cremello Stallion Rubicons Moonlight at stud! Siring national top ten winners, and several of his foals are winning USEA FEH competitions. Now is the time to book your mare; ALL of his foals have been fabulous & are eligible for inspection with AWR, as he has his Permanent breeding license! He is N/N on his 6 panel disease test.

Here is your chance to produce a guaranteed Palomino or Buckskin foal (no smokey black). Rubicon stamps his babies with kind temperaments, correct conformation, fluid gaits, LOTS of mane and tail, strong bones, and good feet! You know a Rubicon baby when you see one! Color, beautiful necks, and refined heads are just the icing on the cake! Rubicon's sire-Raleighs Full Moon- has produced over 400 fabulous foals who are excelling in many disciplines. Some are national champions in 4th level dressage as well as national champions in reining! Rubicon is a versatile stallion himself, placing well in dressage training in eventing, hunter, & reining. Rubicon rides very well on the trail & has also gathered cattle! He has the best mind around and is very trainable, always wanting to please! He can be handled & ridden by anyone.

Rubicon's babies are correct in every way with the absolute sweetest temperaments in every single one! His foals will excel in anything from hunter/jumper, eventing & dressage to trail, western dressage, reining, and more! We believe each foal should be an improvement of their sire and dam and each one has been. Most importantly, Rubicon has proven a great cross with many breeds: Warmbloods, German riding ponies, Trakehners, Thoroughbreds, Arabians, Quarter horses, Paints, Appaloosas, & Mustangs!

ALL foals have been correct, beautiful, sweet, and have been able to be trained by their breeder should they wish! Several owners are repeat buyers of Rubicon' foals because they loved were so impressed. These babies are light in the bridle, easy to train, and calm in nature. Rubicon is a GREAT stallion and sire whose temperament can't be matched! Rubicon babies exhibit LONG legs and mature on the taller side with big bone structure.
